

Adopt a Tree This Season

During this season of giving, our supporters may **“Adopt-A-Tree”** to help with the planting, care and maintenance of the thousands of trees, shrubs, plants, and grasses we’ll be planting along the Sacramento-San Joaquin river system this season.

These gifts will help our revitalized open spaces—parks, refuge lands, and important floodplain areas—succeed and thrive, not only for wildlife, but for outdoor education and air quality. Each tree will sequester about one ton of carbon dioxide over 80 years.

“Adopt-A-Tree” is a meaningful way to express appreciation towards friends and family or honor the memory of a loved one.

We will send a special card to your honoree(s) (featuring beautiful images such as the one shown here), letting them know the significance of your donation in their name: preserving the critical riparian corridors along the great Sacramento and San Joaquin Rivers.

This just in for the Holiday Season!
For every \$45 donation, adopting 3 trees, we’ll send a complimentary RIVER PARTNERS nylon reusable tote (made by CHIO BAG) in addition to a card.

RIVER PARTNERS

Yes! I'll give the gift of nature and adopt a tree to support River Partners.
