

Position Title: Project Analyst-Finance
Status: Full-time, Hourly
Location: Chico, California

Do you love the Central Valley? Do you want our communities to have healthy beautiful rivers for generations to come? Are you excited to work with a team of ecologists, farmers, and entrepreneurs who really get stuff done? If you answered yes to all of these questions, River Partners needs your help. Notwithstanding our accomplishments and awards, the single best thing about River Partners is the people. Our staff is committed, creative, collaborative and diverse. We produce amazing results and have a lot of fun along the way.

What We Do:

We give new life to river landscapes that protect communities from damaging floods, support diverse wildlife populations, and connect people to water. We design and deliver large river restoration projects across California, using bulldozers and tractors, tablets and binoculars, all for the benefit of communities and natural resources. As the largest habitat restoration contractor in western North America, we are gearing up to head back to work as community-based, green economic stimulus.

Organizational Summary:

River Partners helps local communities revitalize rivers across the state of California. We are a private, non-profit organization with offices in Chico, Sacramento, Turlock, and San Diego. As a project-focused company, we believe in the power of demonstrating environmental improvement through large-scale river restoration and empowering others through partnership and collaboration.

Position description:

The Project Analyst role is responsible for supporting, organizing, and reporting on the financial aspects of assigned projects. River Partners' projects are large scale, long-term, and primarily funded through governmental agreements. We are required to provide detailed accountings of funds spent and maintain detailed budgets throughout the life of our projects. This position is a critical member of the proposal and project management teams, interacting regularly with the Development Lead, Scientists, Field Managers, and Accountants.

Essential functions and responsibilities of this position include:

- Supports Proposal Development Team in scheduling coordination meetings and maintains calendar of critical dates for proposal and bid submittals;
- Is responsible for creation of new project codes in information systems and creates project structures consistent with River Partners practices;
- Gains an understanding of projects being developed by reading and reviewing relevant information including request for proposals, bid solicitations, and project maps;

- Is inquisitive about the ecological and agricultural activities of River Partners' projects and gains a basic understanding of project flow and operations;
- Participates in the development of the River Partners proposals by making recommendations on pricing and budget structure;
- Evaluates and reviews proposal budgets for accuracy and financial completeness;
- Understands and inquires about the operations of River Partners field activities in order to support and inform the budgeting process;
- Successfully utilizes budget preparation spreadsheets to generate accurate reports in the River Partners budget model.
- Reads and understands funding agreements, noting required financial or other administrative compliance;
- Monitors expenditures and revenues in assigned projects for compliance with River Partners policies and practices; investigates and reports on unusual occurrences;
- Reviews and approves invoices and expenses for assigned projects;
- Acts as financial contact for all subagreements and supports Project Manager in ensuring subcontractors are in compliance with terms of their contracts;
- Hosts regular meetings with Project Manager, Operations Lead, and Science Lead to review project budgets;
- Prepares invoices and provides to Project Manager for submission to funder;
- Develops and maintains relationship with funder to respond to and troubleshoot financial questions that may arise;
- Performs other related duties as required.

Essential Knowledge Skills and Abilities:

- Must enjoy working with diverse people and organizations to get things done
- Knowledge of OMB circulars and general understanding of basic generally accepted accounting principles (GAAP)
- Capable of working independently
- Knowledge of general office procedures
- Knowledge of proper grammar, spelling, and punctuation
- Experience managing budgets and general understanding of contracting
- Excellent verbal, analytical, organizational, and written skills
- Demonstrate judgment in identifying and handling confidential information
- Exhibit cooperative behavior with colleagues, supervisors, and managers at all times
- Ability to apply logical thinking and sound judgment to a wide range of practical problems
- Ability to work under multiple deadlines and flexibility to handle changing priorities
- Relies on extensive experience and judgment to plan and accomplish goals
- Integrity and ethics beyond reproach
- Commitment and enthusiasm to carry out River Partners mission

Qualifications:

- B.S. in Accounting or related field and a minimum of 3 years of experience in an accounting position or equivalent.

- Experience with computers, including MS Word and Excel, Access, and Modular Accounting Systems (Enterprise Resource Programs)
- Advanced 10-key and MS Excel abilities required
- Driver's license with no restrictions.
- Possess the ability to communicate in basic Spanish (preferred, but not required).
